

NAZIS PULL STAKES IN HOLLAND; BEGIN MASS RETREAT

Promises Early Validation of Antwerp As Gigantic Supply Port

NAZIS FLEEING FAST

Battle for Both Southwest Holland and Antwerp Has Been Won

By International News Service
Supreme Headquarters, Allied Expeditionary Force, Oct. 31—The German army pulled up stakes in southwestern Holland today and began a mass retreat that promises early validation of Antwerp as a gigantic supply port for millions of Allied troops awaiting the order for a general push into Nazi Germany.

A Reuter correspondent with 1st. Gen. Sir Miles C. Dempsey's Second Army said: "Not only has the battle for southwest Holland been won, but the battle for the important supply port of Antwerp has also been won."

German General Van Zanssen's broken 15th Army in the Netherlands is fleeing so fast that Allied forces chasing them along a 30-mile front appear to have lost contact, one battlefront dispatch said.

A spokesman at British Second Army headquarters said, however: "There is no sign of a rout yet—just an orderly retreat. But it is only a matter of days now before the Germans are back to the Maas."

(A Reuter's news agency dispatch from Supreme Headquarters said that the annihilation of the Germans in the pocket south of the Maas is in sight, with the Nazis withdrawing as fast as possible across the river after German army resistance cracked.)

Unchecked Canadian drives at the same time promised an early opening of the water route to the port of Antwerp through the Scheldt estuary.

British, Canadian, American and Polish troops scored a general advance averaging five miles all along the line northwest of Tilburg, north of Breda and north of Bergen Op Zoom which carried them close to the Maas and placed Allied mortars within firing range of German river crossings. The British captured Capelle, Oosterhout and Oud Gastel.

ALLIES MAKE GAINS IN ITALY

Rome—Brazilian and Indian troops took the spotlight today on the northern Italian front as the American Fifth Army captured the town of Calomni, in the drive against Bologna, and the British Eighth Army hepped across the Ronco River, south of Forli.

In a communique that also revealed how American, British and French naval vessels hammered German installations on Milos Island and the Franco-Italian frontier, Allied Mediterranean headquarters said Fifth Army Yanks captured 100 prisoners north of the Bologna-Prato road. Taking advantage of improved weather conditions, the Indian units of the Eighth Army established their bridgehead across the Ronco near Meldola, a few miles below the Forli road junction on the main Rimini-Bologna highway.

Reports from the front line told of a dauntless performance by the Brazilian soldiers in braving intense German machine gun fire and surging to the heights of a 2,800-foot mountain to overrun the town of Calomni.

CLAIM ALLIED FORCES LAND IN NORWAY

Stockholm—Usually well-informed quarters in Stockholm reported today that Allied forces had landed in Norway in the region of the Lofoten islands. The report was not confirmed in Allied quarters.

NO GUARANTEE ON WAR'S END

London—Prime Minister Winston Churchill declared today that he could not guarantee an end of the war with Germany before early summer of 1945 but at the same time said victory over the Nazis may come earlier. Churchill's statement was made in an address in which he moved for an extension of life for the present parliament.

Activities of Interest To All In The Various Communities

GLEANEED BY SCRIBES

Harleigh M. Apple, Burgess of Perkasee, and Mrs. Apple, figured in an automobile accident in Perkasee on Saturday, and as a result both were taken to Grand View Hospital, Sellersville.

Mrs. Apple is receiving treatment for a possible fracture of the right hip, and Mr. Apple received chest injuries.

The accident was investigated by Chief of Police Frank Hallman, who said a coal truck operated by Humbert Defalco, Ateo, N. J., struck Mr. Apple's car at the intersection.

Mrs. Johnson, a returned missionary from Ecuador, S. A., gave an interesting talk about the people of that country at the monthly meeting of the women's missionary society of the First Baptist Church, Doylestown, in the church, Thursday evening.

The meeting, which was in charge of the president, Mrs. Alfred M. Simons, was attended by more than 70. Mrs. Johnson showed a number of curios from Ecuador. They included combs made of thread and thorns, bamboo sticks used to decorate the natives by piercing the ears or the chin and fans which are used to fan the fire. Mrs. Johnson explained in this connection that if a fire is extinguished, the natives must go many miles to the nearest neighbor to get sparks. Fire, it was explained, is needed not only for cooking and heating purposes, but to ward off the wild animals.

Walter Emerson Baum, well-known Sellersville artist and critic, was awarded the Dana water-color medal at the opening of the 42nd annual exhibition of water-colors and prints and the exhibition of miniatures at the Pennsylvania Academy of the Fine Arts, Philadelphia, Joseph T. Fraser, Jr., secretary, has announced. The exhibition will be on view to the public from October 29 to December 3.

Baum won the award for his painting, "The Corner House," an Allentown scene, done from his studio window, and the medal is given for "boldness, simplicity and frankness of work." The artist is also known as acting director of the Allentown Museum, and as head of the Kline-Baum Art School at Allentown.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

(Distributed by McNaught Syndicate, Inc.)

"Misrepresentation"

Washington, Oct. 28. WHETHER Mr. Roosevelt wins or loses this election, he seems likely to emerge from the campaign with his reputation for candor and consistency considerably lower with many more Americans than before. Neither the publicity advantages that accrue to the White House incumbent nor the vehement denials and countercharges from the Hillman-Hannegan press agents (and also from himself) obscure the fact that the attitude of superior virtue and wisdom, which has become second nature to him, is spurious and absurd.

—O—

THAT HAS been apparent for a long time to quite a lot of people. Certainly, their number has increased in recent months and it is illuminating that while the series of indictments made by Governor Dewey have been met with shrill cries of "misrepresentation," "falsification" and "distortion," not

BRICKER SAYS COMMUNISTS RULE F. D. R.; "SUBVERSIVE RECORD" IS CHARGED TO THE PRESIDENT'S AID

DETROIT, Oct. 31—Governor John Bricker, seeking to show a tie-up between the New Deal and a "foreign influence," declared last night that a secretary to President Roosevelt was listed among Federal employees with "subversive records."

The Republican nominee for Vice President named seven such persons in a recitation of "facts" which he said "conclusively prove that Franklin Roosevelt and the New Deal are in the hands of the radicals and the Communists."

"Today, as never before," he asserted in a prepared speech released by his campaign staff, "a foreign influence of the most subversive kind is trying to take over our American Government by boring from within."

The Ohio Governor, concluding a 10,000-mile western campaign tour which has taken him into 22 States since Oct. 1, picked this area of strong labor organizations to analyze what he called "the actual working relationship between PAC (Political Action Committee) and the Communists on one hand and the Federal government on the other."

"Evidence presented to the Dies Committee," he said, "showed that at least 82 leaders of the PAC have been affiliated with organizations listed by Attorney General Biddle as Communist front organizations."

Relating that Chairman Martin Dies (D. Tex.), of the Congressional Committee Investigating Un-American Activities had supplied the Attorney General with names of 1121 Federal employees "who were members of subversive organizations," Governor Bricker listed these as "typical examples":

"Gene Mangion, information specialist, Immigration and Naturalization Service; Lanchlin Currie, sec-

retary to the President; Gregory Silvermaster, economist selected by the Treasury Department as envoy to the Bretton Woods Conference; "Craig Vincent, chief, Manning Division, War Shipping Administration; Arthur Goldschmidt, assistant chief of power, Interior Department; Robin Kinkead, Office of War Information in San Francisco; and Thomas I. Merson, counsel, Office of Price Administration."

Of the 1124 persons reported to Attorney General Biddle, Governor Bricker said, two were dismissed and one was disciplined.

The Ohioan asserted that "the man behind Franklin Roosevelt is Sidney Hillman," chairman of the PAC, and "the man behind Sidney Hillman is Earl Browder," director of the Communist Political Association.

The vice presidential nominee offered this as evidence of a New Deal-Communist tie-up:

1. That Mr. Hillman was born in Lithuania, then a part of Russia, and had conversed at least three times with Lenin at the Kremlin.

2. That Browder had said the election of Governor Thomas E. Dewey, the Republican presidential candidate, would "be a blow to Communism in Europe."

3. That Mrs. Reissa Berkman Browder, wife of Earl Browder, "was saved from deportation by the New Deal."

That Harry Bridges, a West Coast labor leader, is still in the United States and supporting President Roosevelt, although "Attorney General Biddle, weak and politically biased as he is, found him to be an alien Communist and ordered his deportation;" and

5. That during the primary campaign 28 telephone calls were made to five White House assistants to the President from New York and Chicago headquarters of the PAC.

TELLS OF CONDITIONS IN NAZI WAR PRISONS

Lt. James Barlow, Doylestown, Is Incarcerated in Germany

FRIEND WRITES WIFE

DOYLESTOWN, Oct. 31 — Lt. James Barlow, son of Mr. and Mrs. Samuel E. Barlow, is a prisoner of war in Germany. Lt. Barlow has recovered from the injury he received while bailing out of his plane before it crashed.

This information came from Cecil Fisher, who was in the same barracks with Lt. Barlow and who later was repatriated. Fisher, who wrote the letter to Mrs. Barlow, wife of Lt. Barlow, said the officer appears to be in good health and spirits despite his incarceration.

In addition to writing about Lt. Barlow, Mr. Fisher gave an interesting description of the prison camp.

His description of the camp in part is as follows: "The prisoners live in wooden barracks—anywhere from eight to 14 men to a room. Sanitary conditions are favorable. Each prisoner receives one Red Cross food parcel per week. This is in supplement to the German issue of food and assures each man of enough to eat.

"The Y. M. C. A. made it possible for us to obtain musical instruments, sports equipment and books. Therefore, we had two orchestras in camp, one symphonic and the other popular music. We also had

Safety Laundry Bldg. Is Damaged; Suit Taken

Someone damaged the Safety Laundry last night when they gained entrance to the interior through the roof.

Police on investigation found a ladder, nine feet in length, which apparently was used so as to get to the roof of the building, which is located on Radcliffe street, opposite the plant of Manhattan Soap Co.

The skylight was then pulled off by means of a rope and thus an entrance was gained to the inside of the building.

A suit of clothes and top-coat were reported taken and about 20 windows were broken.

LOCALITE'S MARAUDER LIVES UP TO ITS NAME

2nd Lt. Emlen L. Martin Considers "Patches" A Good "Crate"

HAS 14 NEW PATCHES

A NINTH AIR FORCE BOMBER BASE, France, Oct. 31—The practice of christening bombers with eccentric and embarrassing names, which never become unpopular at this Ninth Air Force base, boldly painted on their noses are endearing nicknames, titles of ribald rumor, and the native towns of crewmen.

But the most appropriate Marauder nickname in the Silver Streaks group, which is commanded by Col. Reginald Vance of San Antonio, Texas, is "Patches."

The B-26 bomber looks her name. She is spotted with more than 100 patches—big and small yellow patches on the silver Marauder, mending battle scars acquired on 58 combat missions.

"Patches" doesn't have a regularly assigned flying crew like most of the bombers. Which isn't because of the trouble the plane is always getting into. Maybe the operations officers regard her as an orphan, a sort of problem child.

But to 2nd Lt. "Bennie" D. McSwain of Little Rock, Ark., and 2nd Lt. Emlen L. Martin of Bristol, Pa., who've flown "Patches" 13 times over enemy territory, the Marauder is neither an orphan nor a problem.

WAR FUND REPORTS INDICATE PROGRESS

Contributions Are More Generous Than In The Campaign of 1943

SCHOOLS PLAY A PART

Bucks Countians are responding more generously in most sections to the War Fund than in 1943. Lester Trauger of the Sellersville Perkasee area reported the best group contribution thus far in the 1944 campaign.

The Sellersville Elementary School faculty contributed \$83 or an average of \$7.50 per teacher. The Siles Elementary School faculty, of five teachers, attained the second highest average. Their contribution was \$25. The highest contribution from other students of any school came from Quakertown where the combined contribution was reported by Jesse Cressman at \$179.

Reports from all sections of the county indicate excellent support from management and labor in the large and small industries.

A number of the chairmen in Central Bucks, including Mrs. A. W. Blondheim, Mrs. John Flood, Leonard Hampton, and Leonard Halderman report that their contributions are coming in with much less effort than in the previous campaign.

An analysis of the Lower Makefield results which exceeded the quota by 18% shows that there were no industrial or business contributions and that 74.9 of the contributors gave less than \$20 each. All but \$65 from Lower Makefield was in cash.

DOYLESTOWN TO HAVE ONLY ONE TAX COLLECTOR

Judge H. G. Knight Hands Down Opinion in Case At County Seat

ANNULS OLD LAWS

Doylestown Will Be Subject To All Provisions of The General Borough Act

DOYLESTOWN, Oct. 31—Doylestown taxpayers will be served by only one tax collector in the future as a result of an opinion handed down today in the Court of Quarter Sessions of Bucks County by Judge Harold G. Knight, president judge of the Montgomery county courts, specially presiding in the Doylestown tax collector's case.

The opinion was handed down for Judge Knight by President Judge Hiram H. Keller, at a special session of court at 10 o'clock this morning.

Judge Knight's ruling is that the prayer of over 25 of the qualified electors of Doylestown Borough, for leave to surrender all the provisions of the local and special acts of assembly in force in Doylestown, in their entirety and to accept the provisions of and be governed by "The General Borough Act" approved May 4, 1927, and its amendments, is granted.

Judge Knight further ruled that upon recording of this decree in the office of the Recorder of Deeds of Bucks County, the Borough of Doylestown shall be subject to all the provisions of the General Borough Act, its amendments and supplements, and that the special and local acts of assembly in force now in Doylestown, shall be annulled in their entirety and henceforth the title of the Borough shall be "The Borough of Doylestown."

The court ruled that the costs of the proceeding be paid by the petitioners.

Doylestown taxes have been collected by Tax Collector Robert W. Robinson—all but the Borough tax, which was collected up until this time, at the Borough office by the Borough Treasurer. Judge Knight's opinion in part:

"We have read and re-read the evidence, but it is not our purpose to discuss all the reasons advanced for and against the surrender of the Special Acts pertaining to the Borough of Doylestown, and the acceptance of the General Borough Act of 1927.

POT OF PARSLEY IS NOT ONLY USEFUL BUT ORNAMENTAL

By Mary Jacoby Fleetham

A pot of parsley on the window

winter dishes but decorative as
well because of its bright green

HOUSE
PAINT

stays white!

Painting is essential today

These days, "make it last" is as important
as "make it beautiful." That's why, when
you paint, it's a good idea to get the best
paint you can buy. Du Pont House Paint,
for instance. Du Pont House Paint forms a
beautiful, durable film—and guards the sur-
face against rot, rust, decay.

Starts white—stays white

Moreover, Du Pont House Paint contains
the whitest pigment known. Titanium diox-
ide—whiter than snow. So your house will
start whitest-of-white, and stay that way.
That's because...

It's self-cleaning

All paints collect dirt on exposure. But, with
Du Pont House Paint, "self-cleaning" starts
after a few months of normal weather con-
ditions. A fine white powder forms on the sur-
face. Heavy rains wash this away, carrying
the dirt with it—leaving the newly exposed
surface clean and white again! (Unusual cli-
matic or dirt-collecting conditions in ex-
tremely sooty industrial communities may, of course, delay
this process.) Because this "self-cleaning" is gradual, the wearing
qualities of the paint film are not abnormally affected.

Despite this remarkable quality of Du Pont House Paint,
it costs no more than other good paints.

DU PONT HOUSE PAINT \$3.35

in 5-gallon lots GAL.

► We will be glad to recommend a reliable painter. He knows
how to do the job right, how much or how little paint to use.
His skill means savings for you—and paint conservation for
America.

Doylestown To Have Only One Tax Collector

Continued from Page One

the method of collecting the Borough taxes. If any other special rights or privileges enjoyed by the Borough are concerned, they were not mentioned by counsel or the assessors on either side.

"The petitioners contend that all taxes should be collected by one person, the duly elected Tax Collector of Doylestown, and that this would make for greater efficiency in the collection of taxes and for the greater convenience of the taxpayers.

The protestants assert that any inconvenience suffered by the tax payers, is more than compensated by the saving effected by the Borough through the present method of collecting the Borough tax. This saving has been computed to the amount of about \$900 per annum, although it may be noted that the person who compiled the figures showed nothing for clerk hire, and other expenses involved in making out and sending tax bills and receiving and recording the tax payments.

"Section 197 of the General Borough Act of 1927, supra, provides that 25 qualified electors of any Borough may petition the court for leave to surrender the provisions of any local or special laws pertaining to the Borough, and accept the provisions of the General Borough Act.

"The above section does not specify any reasons to be considered in deciding the question now before us, the whole matter is left to the discretion of the court. In the exercise of this discretion, and after long deliberation, we have reached the conclusion that the prayer of the petition should be granted. Among the reasons prompting this decision, are:

"The Borough of Doylestown is now governed partly by the general laws of the Commonwealth pertaining to boroughs, and partly by its Special Act. We believe it better that it be governed entirely by the General Act of 1927. We are of the opinion that all taxes should be collected by the duly elected Tax Collector, and that any saving that the Borough may enjoy by collecting its own taxes, would be more than overcome by the convenience to the taxpayers in having their taxes collected by one person.

"The overwhelming majority of the boroughs of the Commonwealth are governed by the General Borough Act of 1927, and its amendments, and we think it to the advantage of the Borough of Doylestown to be governed by a code which represents the experience of over 100 years of borough government.

"The petitioners ask to surrender the provisions of the Special Acts pertaining to the government of the Borough of Doylestown, in their entirety, and we will so order."

During the time the Tax Collector's case has been in court, and under legal consideration, Tax Collector Robinson has been represented by Attorney John L. DuBois, of Doylestown. Those who asked for the continuance of the tax collection in Doylestown under the Special Act were represented by Attorney Webster S. Achey, of Doylestown.

Recently "Patches" lived up to her name following an attack on German tanks in Holland. Lts. McSwain and Martin, flying the ill-starred Marauder, reported: "Our target was a concentration of enemy tanks which was known to be in a forest. On the way in we encountered terrific ground fire from an airbase. The flak sprayed the

bottom of 'Patches,' and we bounced like a ride in a roller coaster."

The day after this action, the Marauder sat on a dispersal area, gleaming in the sunlight. Proudly she sported 14 new yellow patches.

THE CAPITOL WHIRL

A Digest of Things Political Occurring At Harrisburg

By International News Service
HARRISBURG, Oct. 31.—Democrats and Republicans are engaged in the predictions that mark every election year and as usual neither party's prognosticators can see anything but a thumping victory for their particular candidate. . . . Latest to plunge into the whirlpool of guessing is U. S. Sen. Joseph F. Gurney. . . . The ardent New Dealer told reporters covering Capitol Hill that the Roosevelt-Truman ticket would carry Pennsylvania for the Democrats by 300,000. . . . His prediction marked the widest plurality for any candidate. . . . Meredith Meyers, former State Democratic Chairman whose predictions have

been borne out in the past three Presidential elections, said it would be Roosevelt and Truman by 150,000 votes. . . . Gov. Edward Martin, however, laughed aside the Democratic predictions and said Pennsylvania would go Republican by "and old fashioned majority" of 250,000. The plurality would be piled up in at least 50 counties out of 67, he said.

It has been noticeable, however, that neither Republican State Chairman M. Harvey Taylor nor Democratic State Chairman David L. Lawrence have added their predictions to the list. . . . Both have indicated a reluctance to estimate majorities with explanations that pre-election guesses have a way of backfiring when the people go to the polls.

U. S. Sen. Arthur Capper (R., Kans.), has been slated to direct the attention of his colleagues to the tri-State William Penn Tercentenary with a speech on the floor of the upper Chamber October 24. Capper's address will coincide with ceremonies in Pennsylvania, New Jersey and Delaware commemorating the 300th anniversary of Penn's birth. . . . Speakers for the ceremonies to be held in Philadelphia include Lord Halifax, British Ambassador to the United States; U. S. Supreme Court Justice Owen Roberts; Governor Martin; Gov. Walter Edge, of New Jersey; and Gov. Walter W. Bacon of Delaware. . . . The Pennsylvania Council of Churches, representing 24 religious denominations, and the Colonial Dames of America as well as the Daughters of the American Revolution will join in the ceremonies.

PLYMOUTH MEETING.—(INS)—Lt. T. James Fernley owes his Bronze Star Medal for Meritorious Service to his limited knowledge of

German to one or two words, including "Ergeben," meaning "surrender." When he jumped into a dugout shouting it 28 Jerries popped out with their hands raised.

JOHNSTOWN.—(INS)—False beliefs and practices act as "worms beneath the bark," said Orlo M. Drees, a member of the New York State Legislature. One such belief is that governmental problems can be solved by merely passing laws, he said.

Today's Quiet Moment

By The Rev. Lehman Strauss
Pastor
(Calvary Baptist Church)

O Lord, we desire to lift our hearts in praise and thanksgiving to Thee for Thy Holy Word. We humbly affirm our belief in the Divine inspiration and inerrancy of the Holy Scriptures. Help us, O God, to realize the value and importance of the daily, prayerful study of our Bible. Open our hearts and minds to see clearly that the Bible will keep us from sin or else sin will keep us from the Bible. May all who share in the burden of this prayer turn to the God-honored practice of the family altar. Kindle the fire of love in our hearts for more of Thy precious Truth.

We pray in Jesus' Name. Amen.

POT OF PARSLEY IS NOT ONLY USEFUL BUT ORNAMENTAL

By Mary Jacoby Fleetham
Home Economics Representative

A pot of parsley on the window sill is not only useful for seasoning winter dishes but decorative as well because of its bright green curly leaves. Of all the seasoning herbs parsley is probably the easiest to grow indoors. Parsley may be grown indoors from seed, but this is slow. To have the leaves ready earlier, take up a plant from the garden, saving all roots possible. Clip off the larger leaves. Plant in rich, well-drained soil. A

good mixture is one part sand, two or three parts good garden loam, an organic fertilizer and a little bone meal. Keep the transplanted plant in the shade and well watered for several days until it starts growing. Then give it sunshine, regular watering, and cool well-ventilated atmosphere. As leaves are clipped for seasoning, new ones will grow.

DU PONT

HOUSE PAINT

stays white!

Painting is essential today

These days, "make it last" is as important as "make it beautiful." That's why, when you paint, it's a good idea to get the best paint you can buy. Du Pont House Paint, for instance, Du Pont House Paint forms a beautiful, durable film—and guards the surface against rot, rust, decay.

Starts white—stays white

Moreover, Du Pont House Paint contains the whitest pigment known. Titanium dioxide—whiter than snow. So your house will start whitest-of-white, and stay that way. That's because . . .

It's self-cleaning

All paints collect dirt on exposure. But, with Du Pont House Paint, "self-cleaning" starts after a few months of normal weather conditions. A fine white powder forms on the surface. Heavy rains wash this away, carrying the dirt with it—leaving the

Doylestown To Have Only One Tax Collector

Continued from Page One

The method of collecting the Borough taxes. If any other special rights or privileges enjoyed by the Borough are concerned, they were not mentioned by counsel or the townsmen on either side.

The petitioners contend that all taxes should be collected by one person, the duly elected Tax Collector of Doylestown, and that this would make for greater efficiency in the collection of taxes and for the greater convenience of the taxpayers.

The protestants assert that any inconvenience suffered by the taxpayers, is more than compensated by the saving effected by the Borough through the present method of collecting the Borough tax. This saving has been computed to the amount of about \$900 per annum, although it may be noted that the person who compiled the figures showed nothing for clerk hire, and other expenses involved in making out and sending tax bills and receiving and recording the tax payments.

Section 107 of the General Borough Act of 1927, supra, provides that 25 qualified electors of any Borough may petition the court for leave to surrender the provisions of any local or special laws pertaining to the Borough, and accept the provisions of the General Borough Act.

The above section does not specify any reasons to be considered in deciding the question now before us, the whole matter is left to the discretion of the court. In the exercise of this discretion, and after long deliberation, we have reached the conclusion that the prayer of the petition should be granted. Among the reasons prompting this decision, are:

"The Borough of Doylestown is now governed partly by the general laws of the Commonwealth pertaining to Boroughs, and partly by its Special Act. We believe it better that it be governed entirely by the General Act of 1927. We are of the opinion that all taxes should be collected by the duly elected Tax Collector, and that any saving that the Borough may enjoy by collecting its own taxes, would be more than overcome by the convenience to the taxpayers in having their taxes collected by one person.

"The overwhelming majority of the Boroughs of the Commonwealth are governed by the General Borough Act of 1927, and its amendments, and we think it to the advantage of the Borough of Doylestown to be governed by a code which represents the experience of over 100 years of Borough government.

"The petitioners ask to surrender the provisions of the Special Acts pertaining to the government of the Borough of Doylestown, in their entirety, and we will so order."

During the time the Tax Collector's case has been in court, and under legal consideration, Tax Collector Robinson has been represented by Attorney John L. Duflois, of Doylestown. Those who asked for the continuance of the tax collection in Doylestown under the Special Act were represented by Attorney Webster S. Achey, of Doylestown.

equipment for baseball, softball, basketball, tennis, soccer, football and badminton. The library is fairly large, and contains varied types of literature.

my missions," said Lt. Martin, son of Mr. and Mrs. E. Linton Martin, 215 Radcliffe street, Bristol, Pa. "Patches" is probably a better name than any of the other ships," Martin is Lt. McSwain's co-pilot.

Recently "Patches" lived up to her name following an attack on German tanks in Holland. Lts. McSwain and Martin, flying the ill-starred Marauder, reported: "Our target was a concentration of enemy tanks which was known to be in a forest. On the way in we encountered terrific ground fire from an airbase. The flak sprayed the

bottom of 'Patches' and we bounced like a ride in a roller-coaster."

The day after this action, the Marauder sat on a dispersal area, gleaming in the sunlight. Proudly she sported 14 new yellow patches.

THE CAPITOL WHIRL

A Digest of Things Political Occurring At Harrisburg

By International News Service

HARRISBURG, Oct. 31 — Democrats and Republicans are engaged in the predictions that mark every election year and as usual neither party's prognosticators can see anything but a thumping victory for their particular candidate. . . . Latest to plunge into the whirlpool of guessing is U. S. Sen. Joseph F. Guffey. . . . The ardent New Dealer told reporters covering Capitol Hill that the Roosevelt-Truman ticket would carry Pennsylvania for the Democrats by 300,000. . . . His prediction marked the widest plurality for any candidate. . . . Meredith Meyers, former State Democratic

been borne out in the past three Presidential elections, said it would be Roosevelt and Truman by 150,000 votes. . . . Gov. Edward Martin, however, laughed aside the Democratic predictions and said Pennsylvania would go Republican by "and old fashioned majority" of 250,000. The plurality would be piled up in at least 50 counties out of 67, he said.

It has been noticeable, however, that neither Republican State Chairman M. Harvey Taylor nor Democratic State Chairman David L. Lawrence have added their predictions to the list. . . . Both have indicated a reluctance to estimate majorities with explanations that pre-election guesses have a way of backfiring when the people go to the polls.

U. S. Sen. Arthur Capper (R., Kans.), has been slated to direct the attention of his colleagues to the tri-State William Penn Tercentenary with a speech on the floor of the upper Chamber October 24. Capper's address will coincide with ceremonies in Pennsylvania, New Jersey and Delaware commemorating the 300th anniversary of Penn's birth. . . . Speakers for the ceremonies to be held in Philadelphia include Lord Halifax, British Ambassador to the United States; U. S. Supreme Court Justice Owen Roberts; Governor Martin; Gov. Walter Edge, of New Jersey; and Gov. Walter W. Bacon of Delaware. . . . The Pennsylvania Council of Churches, representing 24 religious denominations, and the Colonial Dames of America as well as the Daughters of the American Revolution will join in the ceremonies.

PLYMOUTH MEETING—(INS)—Lt. T. James Fernley owes his Bronze Star Medal for Meritorious Service to his limited knowledge of

German to one or two words, including "Ergeben," meaning "surrender." When he jumped into a dugout shouting it 28 Jerries popped out with their hands raised.

JOHNSTOWN—(INS)—False beliefs and practices act as "worms beneath the bark," said Orlo M. Brees, a member of the New York State Legislature. One such belief is that governmental problems can be solved by merely passing laws, he said.

A deer was killed on Ridge road, four miles north of Perkasio on Wednesday morning. Game Protector Clarence Mumbauer investigated, found that the deer dashed from a field to the highway, directly in the path of a large truck, loaded with stone. The carcass of the doe weighed 80 pounds. Mumbauer gave the deer to Quakertown Community Home, Inc.
